

Gradyville.

We had a big rain the first of the week.

Our friend, T. R. Stults, the popular insurance man of Columbia, was in our midst a day or so the first of the week.

C. O. Moss, one of the jury commissioners, spent a day or so in Columbia the first of the week.

Mrs. G. E. Nell has been by the bedside of her father, Mr. John Rose, who is in a critical condition, in the Nell community, for the past week or so.

Miss Ora Moss is assisting Mrs. Strong Hill in the millinery business, in our city, at this time.

Mrs. Hattie Walker, of Paris, Texas, who spent several days with her relatives here last week, returned to Edmonton the first of the week.

Mrs. C. O. Moss and son attended Conference at Franklin last week.

Mr. G. R. Reed, of Columbia, was in our midst the first of the week.

James Gilpin and son, some of Sparksville's best farmers, were in our midst last Friday, delivering wheat to our mill men at \$1.25 per bushel.

Ray Caldwell, of Milltown community, was receiving cattle here the first of the week, at 6 and 6 1/2 cents per pound.

Luther Willis and wife visited relatives in the Keltner community last Saturday night and Sunday.

Mrs. Alma Sexton and children, of Campbellsville, are visiting their mother at this place this week.

Mrs. W. L. Grady, who has been confined to her bed for several weeks with typhoid fever, is improving at this time.

Quite a number of our gardeners have dug their potatoes and we are glad to say we have a beautiful crop of both kind this season.

Remember the dedication of the Presbyterian church at Keltner the second Sunday in October. Dinner will be served on the ground. Preaching morning and evening.

Rev. Jo Furkin and son bought Manny Kemp's farm, in the Cool Springs community. Mr. Kemp and family will move to the Lone Star State in the very near future.

R. O. Keltner, wife and daughter visited relatives in the Keltner community the first of the week.

Elmer Cook, who has been afflicted for several months, does not improve fast.

Miss Myrtie Breeding and Rollin Keltner, two popular young people of the Weed community, eloped over to the good old State of Indiana, last week, and had the conjugal knot tied. Their many friends in this community wish them a long and prosperous life. We understand their was no objection to them getting married, but for the novelty of the matter they went over to Indiana.

A WEEDING OUT
PROCESS USUAL

What Type of Man is Usually
Picked for the
"Lay Offs?"

When business is poor, the market crowded or the season, dull, in no matter what industry, the "weeding out process" is common, and the great army of employed never know how soon the "axe" will fall.

Have you ever stopped to consider what type of man or woman is first picked for the "lay off." Is it the strong, robust fellow, with plenty of energy and vigor in his make up or is it the nervous, weak, run-down individual, who considers work drudgery and continually complains of feeling sick and tired. Of course, you will agree that it is the latter class that succumbs to the "weeding out process."

The employer realizes that the physically fit man or woman is the most efficient worker. As efficiency is the watchword of modern industry, there is no place in the present day business world for the nervous, run-down man or woman.

All depends on the condition of the nervous system as the nerves govern absolutely every process that goes on within our bodies. Nearly all functional weaknesses and disorders can be directly traced to weak nerves and depleted vitality.

Every great man of history—every successful man of the day—is possessed of more than an average amount of energy. Some have been especially endowed with this wonderful quality, as were Lincoln, Napoleon, Morgan, Rockefeller and others; and some developed it as did Gladstone and Roosevelt.

Were it possible to chronicle all the failures, not due to lack of brains, but to lack of physical vitality, there would be a list so long as to startle the world.

Tanlac, the new reconstructive tonic, stimulates the nerves. It does even more—it builds up the tissues, invigorates the system, vitalizes the blood, assimilates the food, creates appetite, drives away headaches, sleeplessness, nausea, sour stomach, dizziness and indigestion. Tanlac has proven invaluable for ailments that originate from stomach, kidney and liver disorders and catarrhal affections of the mucous membranes.

Tanlac is being especially introduced in Columbia at the Page & Hamilton drug store, where the Tanlac Man daily explains its merits and what may be expected from its use.

T. C. Moore & Co., Gresham; C. H. Jarvis & Son, Coburg; L. G. Wilcox, Exie; J. P. Miller & Son, Crocus. H. E. Loy, Olga.

Adv.

I will ring off by saying to your scribe at Rugby, if President Wilson is elected again there will be no trouble about raising his boys.

WAR SITUATION

Sept., 27, midnight (via London, Sept., 28, 5:30 a. m.)—In the lull which has occurred after the great two days' battle in which five villages and 5,000 prisoners were taken by the Allies, the correspondent of the Associated Press has had an opportunity to glean many stories from the participants in the struggle. Their stories not only were of courage and heroism, but of a humor and paradox possible only in such complicated and remorseless warfare.

The most wonderful of all the tales told was perhaps that of one of the "tanks," or new armored motor cars, which started for Berlin on its own account. This monstrous land ship, ambling and rumbling along, did not wait on the infantry after

the taking of Gueudecourt, but plodded over shell holes and across lots looking for its prey like some prehistoric lizard. In course of time it found a German trench, but as it engaged the occupants with its machine gun it ran out of gasoline.

When the Germans found this strange creature, with its steel hide impenetrable to bullets, stalled, curiosity and a desire for revenge was a filip to their courage. They went after it with the avidity of prehistoric man stalking a wounded mammoth fast in one of the alleys of the cave dwellers. No such game was ever seen on this western front, marked as it has been by all kinds of bizarre fighting.

Hatcher.

The recent rains were badly needed, and the farmers have gone to work with a determination of preparing their ground for grasses and other small grain. This has been a very favorable season in many respects. Nearly all of the crops are unusually good, and prosperity is to be found in every home where the proper amount of energy has been displayed. All labor is employed at satisfactory wages, and number of other laborers could find ready employment. Never in the history of our banking institutions have the assets showed so well. The farmers in general are carrying nice deposits, and every one seems happy and prosperous. Here's hoping that the constructive legislation now in force might be continued indefinitely.

A serious accident befell Mr. Harry Gwinn Tuesday evening, while in the act of loading logs near Ebenezer church. In turning his wagon his team became entangled, thus throwing the off mule on him, resulting in breaking his right leg below the hip. Medical aid was summoned and the fracture placed in the right position, easing him to some extent. He was packed a distant of 8 miles in order to reach home.

Wheat Prices are Very High

and likely to continue.

Empire and Superior Wheat Drills for Lowest Possible Prices.

High Grade Fertilizer at Reasonable Prices.

Fence, Field Seeds, Wagons, Buggies and a Full Line of Hardware and Implements.

The Jeffries Hardware Store.

The canning factory will close its season Tuesday. The output is greater than any year since it was organized. Something over 500,000 cans of tomatoes and the rise of 700 barrels of catsup were prepared for market.

Every business enterprise of the county has felt the effects of the money distributed, and we confidently predict that the encouragement for next year's run will be still better.

Mrs. Sallie Burris (nee Anderson) and her daughter, Mrs. Cora Thornton, and child, Green Valley, Illinois, are visiting relatives in this county, after a stay of a number of years from here.

The sorghum crop is larger in quantity than for a number of years, and the quality is exceptionally good. Sorghum, biscuit, butter and sweet milk make a relishable edibles.

The News-Journal, an independent weekly, which has been published at Campbellsville for the past seven years, has proclaimed the Democratic faith. The News-Journal has always been fair in all its policies, and all of the liberty loving people give it the glad hand of welcome to help them in promulgating peace, prosperity and preparedness.

Mr. J. A. Sanders, who lives near Liberty Church, had a sale of his farm products Wednesday. Stock, tools and other products sold well, and the bidding was spirited throughout the day.

Mr. Charles Russell, who conducts weekly sales of stock for farmers at Campbellsville, reports that he never can supply the demands. It is a great convenience for those who have a surplus to dispose of.

Rev. B. M. Shrive, a prominent minister of Atlanta, Ga., will preach to the Bethel congregation the second Sunday in October. He was formerly pastor at this place and a brief notice of his coming will insure him a crowded house.

The new Baptist Church at Campbellsville will be dedicated

CAMPBELLVILLE, KY.

October the 29th. It is one of the most up-to-date edifices in Central Kentucky.

Mr. J. E. McFarland, Hobson, Ky., was taken suddenly ill this week. He has been engaged in the mercantile business for a number of years, and has accumulated plenty of this world's goods to satisfy any one. He lives by himself, and when found at his home, was unconscious. He is on the road to recovery.

Notice.

Public sale of valuable Jack stock. I will sell, in Jamestown, the third Monday in October, three good black Jacks, well bred and good breeders, three, four and eight years old. I mean to sell. I have moved from my farm and the highest bidder gets them.

B. D. McFarland,
Jamestown, Ky.
47-4t.

Butter Wanted.

I will pay 15 cents cash for good, fresh butter. Will also pay cash for dried fruit. Will pay 16c. for hides.
J. P. Hutchison.
